

Copyright and License

OpenStreetMap is *open data*, licensed under the [Open Data Commons Open Database License](#) (ODbL).

You are free to copy, distribute, transmit and adapt our data, as long as you credit OpenStreetMap and its contributors. If you alter or build upon our data, you may distribute the result only under the same licence. The full [legal code](#) explains your rights and responsibilities.

The cartography in our map tiles, and our documentation, are licensed under the [Creative Commons Attribution-ShareAlike 2.0](#) license (CC BY-SA).

How to credit OpenStreetMap

We require that you use the credit “© OpenStreetMap contributors”.

You must also make it clear that the data is available under the Open Database License, and if using our map tiles, that the cartography is licensed as CC BY-SA. You may do this by linking to [this copyright page](#). Alternatively, and as a requirement if you are distributing OSM in a data form, you can name and link directly to the license(s). In media where links are not possible (e.g. printed works), we suggest you direct your readers to [openstreetmap.org](#) (perhaps by expanding 'OpenStreetMap' to this full address), to [opendatacommons.org](#), and if relevant, to [creativecommons.org](#).

For a browsable electronic map, the credit should appear in the corner of the map. For example:
